

# Cobot Rapid Series Palletizer

Vention

Vention's palletizing solutions are where perfection meets simplicity. They are designed to elevate your operational efficiency by eliminating risks associated with manual, repetitive, and tedious tasks. Experience a seamless transition to automation and enjoy the benefits of a fast and reliable palletizing solution.

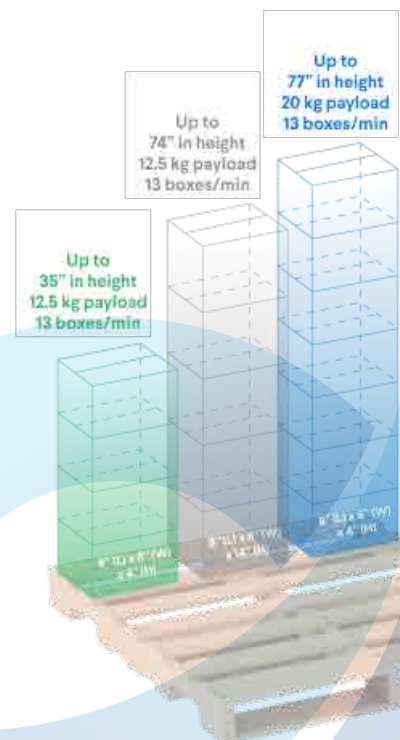

Available in 3 configurations: UR10e fixed height, UR20 fixed height, and UR10 telescopic column. High throughput of up to 13 picks per minute. 2-day on-site deployment to minimize downtime and start reaping the benefits quickly. 3 SKUs pre-programmed by Vention tailored to your specific needs. 1-hour training session to ensure your staff can operate the palletizer with confidence and efficiency.

1-year free Remote Support ensures the continued smooth operation of your system. Automate your packaging process with a state-of-the-art solution that combines speed, precision, and simplicity to redefine your automation experience.

## Features:

- 5 days lead time
- 2 days of deployment
- 6 months payback
- Create and run new pallet configurations in under 5 minutes without writing a single line of code. Up to 13 picks per minute (or higher with multi-box picks)

## Specifications:

### Software version required

Polyscope, Remote Support, Palletizer MachineApp, MachineAnalytics, RemoteView.

### Dependencies

110VAC, Compressed air 75-90psi

### CERTIFICATIONS & STANDARD

EtherNet/IP, ISO 27001, CE,

Integrated electrical devices are approved for the North American market

ISO 10218-1 / ISO 10218-2 / RIA R15.06 (verification upon robot controller settings and control layout)

### Dimensions

Solution Dimension (mm): 540 x 1200 x 1418

### What's in the box?

- UR cobot
- Vention cobot palletizer base with controller
- Pneumatic gripper
- Infeed conveyor box detection sensor
- Vention pendant
- Safety area scanners
- Pallet locators
- Removable pallet pockets for forklift

### License type

One-time purchase
